Apply your settings

Front end section

1. After enabling extension and apply your setting, you will find widgets in the left and right section.

The screenshot displays a Magento 2 storefront with several widgets integrated into the layout. On the left side, the 'Shop By' widget includes 'Shopping Options' with a 'CATEGORY' filter (Suits (78), Shirts (259)), a 'CHOOSE COLOR' filter (Black (26), Red (11), Yellow (6)), and a 'PRICE' filter (USD0.00 - USD99.99 (260), USD100.00 - USD199.99 (73), USD200.00 and above (4)). Below this is a social media sharing bar with icons for Facebook, Twitter, Instagram, Pinterest, and YouTube. A list of recent activity is shown, including company logo uploads and Magento extension installations with timestamps. The main content area is titled 'Men' and shows a grid of product images, each with a 'SALE' banner. A blue callout box in the center of the grid states 'Your result will be displayed here'. Below the grid, two product cards for 'Krakow' and 'Pittsburgh' are visible, each showing a regular price of USD180.00 and a special price of USD150.00, with an 'ADD TO CART' button. On the right side, the 'Compare Products' widget shows 'You have no items to compare.' Below it is the 'My Cart' widget, which also shows 'You have no items in your shopping cart.' Further down is a 'Community Poll' widget titled 'What is your favorite color?' with radio button options for Green, Red, Black, and Magenta, and a 'Vote' button. At the bottom right, there is another social media sharing bar with the same icons as the one on the left.

THANK YOU
